

## Embark Safety EPN VS. California EPN Comparison

# Secure system to access information 24/7

System can be accessed at any time using any device. Data is secured at transfer and rest by using the strongest commercially available encryption.

#### **Real-time notifications**

Accidents, violation or suspensions notifications are reported electronically on a daily basis.

#### **Violation decoding**

Moving violations are decoded using the California vehicle code. It makes reading and understanding EPN notices easier.

#### Easy add/remove drivers

System's ease of use allows administrators to easily add or remove drivers from EPN.

#### **Monthly Reports**

Monthly reports can be pulled and filtered by accidents, suspension or violations.

#### Multi-user Access

System allows multiple users to have access to the same organization. Users' access can be restricted by read-only or location. Drivers can also be organized by Locations, Groups or Departments.

#### Multi-state access to MVRs

Instant access to driving records in all 50 states for pre-employment and employment.

### **Online Driver Training**

System allows managers to assign and track online driving lessons based on real-time infractions.

#### **File Manager and Custom Alerts**

Documents can be archived, such as driver consent forms, drive qualification files, CDL medical examiner certificates, EPN forms, etc. Alerts can be set for files renewals.

#### **Customer Support**

A team ready to provide the best customer support. Embark Safety customers can reach out to us via email, chat or phone. 99% of issues are resolved within the same business day.
